

## Mikisew property management 25/75 home renovation application

The intent of the 25/75 Home Renovation Program is to improve the health and safety of our members homes. This includes structural deficiencies, shingles, siding, doors and windows, electrical, plumbing and heating upgrades. The program is not intended to address basic cosmetic upgrades.

Mikisew will subsidize each renovation project up to \$20,000 using the matching principle where 25% of funds come from the owner and 75% from Mikisew (for example, with a project cost of \$20,000, the owner pays \$5,000 and Mikisew pays \$15,000).

The program process is as follows:

To apply you must **FIRST** meet the following requirements:

- Mikisew Cree First Nation member
- Presently residing in the home
- Owner of the home (land title required)
- Provide \$5,000 deposit
- Provide a project scope of work with timeframe and supporting subtrades quotes

If you meet all of the above requirements, please complete the application form below.
